Credit Intelligence Opinions

 EULER HERMES

Cover under your Discretionary Limit

As a client of Euler Hermes UK (EHUK), take advantage of our credit opinion service, helping you to do business with the right customers.

A simple service with powerful results

We focus on providing you with a simple on-line service - an instant passport to trade with customers under your Discretionary Limit. We can save you time and money on investigating and managing the risks involved in extending trade to your customers.

Up to date global customer intelligence

In today's volatile economic environment you can't afford to take unnecessary risks by relying on out of date financial information. Take advantage of our global risk office network and our proprietary database of over 40 million companies worldwide. We have local risk knowledge of both your current and potential customers; helping you to trade in confidence and expand your markets safely.

Instant access to credit opinions

Requesting a Credit Intelligence Opinion couldn't be easier. All you need to do is identify the buyer that you want to trade with and we will tell you the amount we can insure. We will always provide you with the maximum possible amount (up to the amount of your Discretionary Limit), based on our up to date assessment of the credit risk. Our Credit Intelligence Opinions

are valid for 12 months and include a free positive monitoring service. If we can provide you with a larger amount during the 12 month period we will notify you of the increase automatically and free of charge.

Enhanced policy terms

By using our Credit Intelligence Opinions to justify trade under your Discretionary Limit you also benefit from enhanced standard Policy terms – including a higher Insured Percentage than if using credit opinions obtained from other information agencies.

Competitive price

Our Credit Intelligence Opinions are competitively priced and include a free positive monitoring service. The full country price list is specified in the Credit Intelligence Schedule of Fees.

Easy set up

As a Euler Hermes client you can access the service immediately using EOLIS, our on-line Policy management system. No registration is required.

Contact us

For further information about our credit opinion service please call **0800 056 5452** or speak to your usual Euler Hermes contact or broker.
