

ON THE ROAD CREDIT ANALYST

Location:	North East Region (Home based)
Job Hours:	35hrs
Company:	Euler Hermes UK
Salary:	Depending on experience, plus bonus, job-related car, non contributory pension and additional benefits

The Experts in Credit Management

Euler Hermes UK has been in business since 1918 and is part of the global leader in credit insurance Euler Hermes with presence in over 50 countries and 57,000 clients worldwide. Euler Hermes UK is part of the Euler Hermes Group and the Allianz Group.

We are a leading company in the provision of credit management solutions, a specialised field but one that is critical for the well-being of UK businesses. Credit Insurance secures trade by providing cover against bad debt should a customer become insolvent or default on payment. Our other services include credit opinions and UK and international commercial debt collections.

Summary of Role

An exciting opportunity has arisen for a confident individual to support the management of the UK risk portfolio in our Northern Region and to help ensure that all customers are provided with the most effective credit limit service in terms of turnaround times, communication and quality of decision.

If you enjoy working in a role which requires extensive and complex financial analysis then this is the role for you.

You will be a self sufficient individual with the ability to proactively work on your own initiative including management of your diary and movements to ensure that you are able to provide extensive review and analysis for your portfolio of UK clients.

In order to work in this prestigious arena you will need to be an expert in financial analysis along with having extensive business acumen, gravitas and integrity.

Responsibilities: We are seeking an exceptional individual who has a high level of financial proficiency with a genuine interest in analysing financial accounts and the economic impact on businesses.

You will possess sound business judgment and have had experience of managing a portfolio of clients which will include dealing with clients both face to face and over the telephone.

If you have worked in Financial Services, have credit analysis experience and would like to move to a demanding yet rewarding mobile role within the UK's leading credit risk insurer then this position could be your next career move.

Requirements & Key Skills:

You will ideally have;

- Educated to degree standard or equivalent or banking/finance/insurance experience with a relevant professional qualification
- Proven experience of analysing financial, economic and other information to assess credit risk.
- Working experience of reading and interpreting Profit and Loss, balance sheets and other financial documents.
- Credit risk analysis experience (local market knowledge preferred)
- Experience of holding complex high profile meetings with influential heads of business
- Exceptional interpersonal skills
- Proven report writing proficiency
- Full clean UK driving license
